

Roy Bragg

### Frontend Developer and Accessibility Specialist

Broadridge Financial

San Diego, CA

2016 - Present

---

I craft accessible web solutions for financial advisors through scalable design architecture. My background spans software brand identity, product UI management, and conversion rate optimization. With 12 years of expertise, I've learned that the best solutions emerge when business needs and user empathy perfectly align.

### Past

Design & Frontend Development

Steelray Software

Atlanta, GA

2012 - 2016
